

## MR. NUTTING HONORED

B. L. "Bud" Nutting, senior vice president, has been selected as a member of the Natural Resources Committee of the Chamber of Commerce of the United States.

Mr. Nutting joined 42 other members of this nationwide committee in a meeting held recently in Dearborn, Michigan. The committee studies the utilization and conservation of our natural resources and makes recommendations on policy position to the board of directors of the Chamber of Commerce. This year the committee's prime attention was focused on land use study and water usages in regards to supply and quality.

To our knowledge Mr. Nutting is one of the first delegates from Oregon to be appointed to the Natural Resources Committee.

## FALL, VACATION

Basic plans are set for the fall hunting vacation schedule the first week of October. The sawmill and lumber departments will close Friday evening, October 1st, and resume work again Monday October 11th. Plywood departments will close Friday evening, October 1st and resume work again Tuesday, October 5th. Check the bulletin board in your department for information and details such as early shift schedules. Some crews and men will maintain their schedules due to the nature of their work. If you have any questions please contact your supervisor immediately.

## MEDCO ANNIVERSARY

September 16th was the recognized 30th anniversary of Medford Corporation.

In this 30 years a considerable amount of progress has been accomplished by careful planning and management. Our total employment and wage schedules have steadily increased. Our jobs and income have been maintained and extended by good forestry management practices providing a timber crop of trees and jobs for the future. Aware that loyal and efficient employees are the backbone of successful operations, company interest in safety programs, insurance benefits and retirement schedules have been initiated for our well being. Capital investments in new equipment to maintain our competitive position in the market place have been made. Benefits to our community and neighbors in the form of paid taxes, purchases and direct wages has been substantial.

Yes, it has been quite a 30 years but as one long time Medco employee says, "It's just the beginning."

## EVERY GOOD GUY

**GIVES THE  
UNITED WAY**

## SICK AND INJURED

The following men are on the sick or injured list. We hope that their recovery and return to work will be speedy.

Herman Linville and Richard Dull of the barker. Tom Kanady of the sawmill. Larry Webster, watchman and Bob Badley of the plywood plant.

## PICNIC THANKS

We wish to acknowledge and thank all the merchants and suppliers who contributed to the success of our picnic. We would like to suggest that on your next shopping trip to these companies you thank them for their participation and cooperation.

## "THANKS"

Continued

A big "Thank You" to all the people who spent a lot of time and effort in serving on committees and working on the picnic to help make it a success. The preparation and ground arrangements by Earl Obenshain and his crew, gate crew with Joe Clark and Ed Musgrave, Parking crew with Howard Mitchell and Jim Henry, Refreshment crew with Elmer Johnson and Joe Germain, shore patrol with Medco Credit Union and George Davis, table and food helper crew with Bill Buckingham, clean up crew with Paul Preppernau and Bob Crovette and volunteers, prizes by friends of Medco and Ed Foster, first aid with Chan Drew, game crews and volunteers with Stan Delgado, bingo crew with Sherley Hatcher and Bill Harris, horse shoes with Hans Holt, special events with Bob Clark and Eldon Vinson, sound by Jack Vance and The Sound Shop, coin scramble with Jack Hansen, announcing with Al Smith and Darrell Davis and to all those who volunteered to help out. A special thanks also to Homer Pleyer for handling the food truck and Leroy Jahnke who loaded about two tons of food on the truck.

## WEDDING BELLS

We have word the Marty Lytle, a veteran of Viet Nam, and son of Bill Lytle, woods, was married on June 30th to Rae Jean Golden, daughter of Don Golden, plywood. The happy couple are now stationed at Fort Lewis.

Edward O. Everson, Jr. of plywood and Sharon Rodman were married on August 21st and are now at home in Medford.

David Hopkins, plywood and Doris Dulany were wed on August 28th. The newlyweds traveled to the Oregon coast for their wedding trip.

Billy Sahlberg, plywood and Ruby Minor were married September 4th at Reno. This sounds like good luck for both of them.

Congratulations and best wishes to all of the happy couples.

## PICNIC POINTS

Another new mark was established at the Medco annual picnic! This years festivities were if possible, better than before and the attendance was bigger than before. The food by John North was absolutely delicious and we can all attest that there was plenty of it. The music and entertainment by the Maddox Brothers and Ray Ashcraft drew many favorable comments. The pony rides by Mr. and Mrs. Dewey Dunaway were the hit of the younger set and Dewey complimented our youngsters on their good behavior and manners.

## "POINTS"

Continued

The contests, games, races, gate prizes, dance contest and bingo prizes were all terrific. The liquid refreshments for young and old alike were plentiful and varied. Best of all was the good time had by everyone present!

The notes and letters we've received so far indicate a feeling of strong approval and deep appreciation and thanks to our fine company for providing this annual get together of the MEDCO family. The fact that we keep it a family day is also much appreciated.

## MARKET REPORT

The feature of the market report at the present time is the subject of box car supply. This problem has been with us in the past but this year seems to be destined as a record for car shortages.

This one factor is very critical to our industry. If we have a limited supply of cars to ship our manufactured products in our work schedules must be reduced accordingly. If we should face a situation of no cars then a close down would be inevitable. This situation may exist temporarily but it can be very serious while it is happening.

What can we do? As a citizen and an employee of Medco you can sensibly advise your representatives and senators of the economic necessity of an adequate car supply. You can intelligently make the Southern Pacific Railroad aware locally and at their offices in Portland and San Francisco the adverse effect that an inadequate car supply can cause in the industry in general and upon yourself as an individual.

Awareness of the problem is good steps towards finding a solution.

## PICNIC CONTEST

You may have noticed that no where have we specifically mentioned the picnic attendance. Good reason. We are conducting a contest.

To the first family who guesses the number of people in attendance at the picnic we will award a Swifts Premium Ham. The basic rules will be one entry to a family, all Medco families are eligible (except those of the office) and the **first** correct entry in will be the winner. The actual number in attendance is in a sealed envelope and no one in the company has knowledge of it at this time.

So please mail your entry to the office and see if you can win that delicious ham. Address entries to Medco News, Medford Corporation, P. O. Box 522, Medford, Oregon. Cancellation date and time will be used to determine the winner.

## KITCHEN KORNER

With the pear harvest at its peak the following contribution by Mrs. William C. Hayes is most timely. Sounds very appropriate so thank you Mrs. Hayes.

Pear Blossom Pie — Line a 9" pie plate with pastry and refrigerate. Drain a #2½ size canned pear halves and reserve syrup. Mix ¼ cup sugar, 2 tablespoons cornstarch, 1 teaspoon grated orange rind, ⅛ teaspoon of salt, ½ cup canned pear syrup. Crumble with fork ½ cup sugar, ½ cup flour ¼ cup soft butter, 1 teaspoon ginger and ¼ teaspoon each cinnamon and mace. Fill crust with pear quarters. Cover with syrup mixture. Sprinkle with crumb mixture. Bake at 425° for 10 minutes, then at 350° for about 25 minutes more.
